Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

ASPHALT PLANT CAPITAL ACCOUNT

The Asphalt Plant Capital Account is established for the purpose of manufacturing and delivering asphalt for street pavements, the expense for which is to be reimbursed from appropriations of City funds or funds of other governmental agencies.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Asphalt and the delivery thereof to jobs shall be made on standard schedules of rates as determined by the Commissioner of Streets and Sanitation and approved by the City Comptroller. The rates as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate. Such rates shall be revised and adjusted from time to time on the basis of the total cost, including maintenance and depreciation of the asphalt plant buildings and equipment, and plus not to exceed ten per cent for general administrative, overhead and other expense.

Expenditures are authorized for salaries and wages of authorized titles, material and supplies, truck service and other expense incident to the manufacture and delivery of asphalt.

On motion of Alderman Frost (seconded by Aldermen Bilandic, Marzullo, Stewart and Pucinski) the foregoing proposed resolution was *Adopted,* unanimously.

Alderman Bilandic delivered the following eulogy:

These chambers have been the scene of many eulogies delivered by great orators. As we recall those sad occasions, we are impressed with the fact that words are inadequate to pay proper tribute to the life and accomplishments of Mayor Richard J. Daley.

During his time with us every known superlative has been used in presenting him to various audiences so that he was, in fact, eulogized during his lifetime.

Each of us who have known him, worked or worshiped with him, or enjoyed some leisure moments with him will cherish the memories. We shared success and disappointment. We will never forget his admonition to be "humble in victory and courageous in defeat".

He was loyal to his God, his country, his family, his party and his friends. His love for the city, its neighborhoods, its institutions and its people was so intense that it occasionally was a subject of criticism by those who did not understand him.

He spoke with reverence of the advice he received from his father and mother. His family life should be a model for all of us.

There was a special bond of affection for our neighborhood. He will always remain the pride of Bridgeport.

I don't believe that it would be appropriate to recite the many personal experiences which we shared but I know he will be pleased if I close with the lines written by the immortal William Shakespeare:

"His life was gentle, and the elements
So mixed in him that Nature might stand up
And say to all the world, "This was a man!"

Alderman Marzullo delivered the following eulogy:

The death of my dear and old friend of forty years, Mayor Richard J. Daley, is a tremendous loss to me personally.

During this span of 40 years, I learned to love, to respect, and to admire Richard J. Daley. He was a man who cared for people, who never lost touch with ordinary people, and, most of all, who enjoyed serving people.

I respected him for his great ability to introduce and to organize new programs that enabled the people of our city to live a better life. He worked untiringly to bring new industry to Chicago, to encourage construction in our city, to improve expressways, and to start an efficient lighting program for the City of Chicago.

He kept the schools open, the streets clean, and the buses running. In a pinch, he helped break deadlocks to negotiate strike settlements, for he had a rare ability to compromise at the right moment.

The many programs he started for the benefit of our city have left an imprint on Chicago. They will never be forgotten.

Due to his efforts, Chicago has come to be known as the best-run city in the United States and he, in turn, had been recognized as the best mayor in our country.

The people showed their esteem for him when they returned him to office for 6 consecutive terms with bigger and bigger majorities.

He was to me a teacher, a great friend, and, most of all, a great Democratic leader of my Party.

He will be sorely missed, not only by his family, his friends, and the people of Chicago, but also by the mayors of other cities throughout the United States who looked to him for leadership and guidance in running their own cities, and by leaders in our national government who respected his wisdom as well as his authority in Democratic national politics.

But no greater tribute could be paid to him than to say that all his life he was honest and loyal, a devout church member, a dedicated husband, and a loving father.

I extend my heartfelt condolences to his wonderful wife Eleanor and to his four sons and three daughters who survive him, and God bless them all.

Alderman Stewart delivered the following eulogy:

We are here to memoralize our friend and comrade His Honor, the Mayor, Richard J. Daley.

What can we say? How can one in a few minutes do justice to the memory and work of such a great man?

To say he was a great man is too vague because the world has produced many great men in one respect or another, but Richard J. Daley will be numbered with the great.

No man, since the founding of our country to the present time, through their works, ideas, and programs, has made a greater contribution to a greater number of people—the rich, the poor, the downtrodden, the young, the old, the privileged and the under privileged, than Mayor Daley.

Kings and Queens, yea, rulers of nobility from many countries, big and little, have sought and gotten counsel from the Mayor of the City of Chicago.

Probably the most accurate description of Mayor Daley is to say he was a "remarkable man," with an unbelievable capacity to love. He was too full of love to hate; too full of joy to be sad; too full of progressive ideas to think of failure, and too humble to be haughty.

To him all men counted but "none too much." He loved the Catholic Church but not too much to show respect for other men's religious beliefs and customs.

He loved Chicago but gave sympathetic respect to the Administrative Problems of other cities.

He was a devoted husband and father but he had love enough for the families of his friends and would often inquire—"How is your wife, or son, or daughter or family?"

He loved the Democratic Party, but welcomed other persons with different political persuasions to seek public office, his favorite expression was "this is a free country."

Mayor Daley was an artist and left his works, not on a canvass but all over Chicago. Close your eyes and travel with me throughout Chicago and you will see, because of his efforts, encouragement, and programming of "both private and public enterprise a beautiful river, and lakefront, harbors, skyscrapers, village arts and crafts, public and private buildings; highways and bridges, airports, bus, train and truck terminals all accommodating the arrival and departure of men and material from around the world to Daley's Chicago.

Touch, if you please, every community, you will see programs and plans prescribed for every need. You will find parks, playgrounds, fieldhouses, recreational facilities, schools—elementary, high, and schools for special skills, colleges, universities, homes for the elderly, health and medical centers, hospitals, public housing, other private and public dwellings, improved streets and lighted alleys and business ventures—all built with the assistance and or blessings of Mayor Daley.

Thousands of persons are on public and private payrolls because the Mayor has encouraged private enterprise to employ individuals.

You will see thousands of young people participating in sports events under the sponsorship of Mayor Daley's Youth Foundation. Visit the major sports events—baseball, football, hockey, tennis, track, or others and you will see athletes thrilling thousands because somewhere they were touched by Mayor Daley.

No, you are not dreaming—this is our memorial to Mayor Richard Daley and as long as one child's smile is turned on because of this memorial—*Richard Daley* will never die.

I think the greatest tribute paid to our Mayor last week was that of a 4th Grade student at Abbott Elementary School. When asked to write a tribute to Mayor Daley, she wrote

"Mayor Daley was a kind man. He *cared* for *us,* and his *family,* and his *job.*"

The Mayor died this Christmas week,
It seemed a sad affair,
To see the lights of State Street
And know he was not there.

He was a good guy,
We hate to see him die—
Would you please tell us why?

He had a better place to go,
The works he left will always show;
He did his best—
But he didn't live to see the rest.

When he died it was a pity,
Because Chicago was his City.
He did all he could
When asked to represent us—he would.

He proved that he was right
And mostly won his fight
To keep Chicago bright.

He died of a heart attack,
All the people wish him back.
The people loved him so
I wonder—did he know?

Alderman Pucinski delivered the following eulogy:

Mr. President, I rise to second the motion for adoption of the Resolution.

Mayor Richard J. Daley was a deeply religious man; he found great strength in his church. It is therefore understandable that his Credo in public life was to do what he honestly believed to be right and he left the consequences to Providence.

His political philosophy was equally inspiring. Richard J. Daley believed nothing is politically right which is morally wrong.

Mayor Daley was a Peoples' Mayor. He loved Chicago and its people—especially our children.

He knew every facet of this city. Recently Mayor Daley called me to his office and said: "Roman, you're not going to cut that tree down, are you?"

We were faced with the prospect of cutting down a tree that is 130 years old because we were paving an alley and the tree protruded into the alley in my ward.

"Roman, God has protected that tree for 130 years; you wouldn't want to destroy what God has so carefully preserved."

Mr. President, that tree still stands today.

Mayor Daley fervently believed in the nobility of the individual—black, brown, or white; rich or poor; young or old; Catholic, Protestant, Jew; male or female.

He was firm; sometimes stubborn. He believed in power. Mayor Daley knew that he had to have power in order to make the tough decisions which needed to be made for the good of Chicago.

He would not hesitate to disagree but in the 25 years I have known him, I have never seen him to be disagreeable.

He was a superb gentleman.

Mayor Daley's love for sports is known to all. He loved the White Sox; he amazed all of his younger friends by going salmon fishing in Lake Michigan at 4 a.m. and being back in his office by 9 a.m. Understandably, Salmon Unlimited is starting an annual salmon catching tournament in honor of Mayor Daley.

He was a model father; his four sons who are here today epitomize his deep dedication to his family.

Richard Daley's monument already is in place—the entire City of Chicago which he rebuilt in the past two decades as its Mayor.

To Mrs. Daley and her family we extend our heartfelt sympathy.

Mayor Daley's spirit shall be an inspiration to Chicagoans for generations to come.

PRAYER OFFERED BY BISHOP LOUIS H. FORD.

President Pro Tem. Alderman Wilson Frost then called upon Bishop Louis H. Ford, Pastor, St. Paul's Church of God in Christ, who offered a prayer for the repose of the soul of the late Mayor Richard J. Daley.

In his prayer Bishop Ford noted that a great man, a great builder and a great soul had been called to rest. He prayed that we might accept his loss and prayed too that all would be united in brotherhood and love. He concluded by saying "well done, thou good and faithful servant".

RENDITION OF SELECTIONS BY CHICAGO SYMPHONY ORCHESTRA AND CHORUS.

President Pro Tem. Alderman Wilson Frost next presented members of the Chicago Symphony Orchestra and Chorus under the direction of Margaret Hillis who presented "America the Beautiful" and the "Hallelujah Chorus from the Messiah" in a truly beautiful rendition.

BENEDICTION.

President Pro Tem. Alderman Wilson Frost presented Rabbi Milton Kanter, Chicago Board of Rabbis to deliver the benediction.

SOUNDING OF TAPS.

Buglers from the Chicago Fire Department Band sounded taps in honor of the late Richard J. Daley, Mayor of the City of Chicago.

RETIREMENT OF COLORS.

The Fire Department Color Guard thereupon withdrew the colors from the chamber.

Recess Taken.

Alderman Burke moved that the City Council do *Recess* until 10:30 A.M., Tuesday, December 28, 1976. The motion to Recess *Prevailed.*

Sixth. It is understood by the Licensee that said facility is subject to and may increase the dangers and hazards of the operation of the railroad of the Company, and that this license is subject to all risks thereof. Therefore, and as a material consideration to the Company for entering into this license and without which the Company will not enter same, the Licensee agrees to assume and pay for all loss or damage to property whatsoever, and injury to or death of any person, or persons whomsoever, including all costs and expenses incident thereto, however arising from or in connection with existence, construction, maintenance, repair, renewal, reconstruction, operation, use or removal of said facility, or any defect therein or failure thereof, or the failure of the Licensee or members, officers, agents or employees of the Licensee to abide by or comply with any of the terms or conditions of this license; and the Licensee forever indemnifies the Company against and agrees to save it harmless from any and all claims, demands, lawsuits or liability for any such loss, damage, injury and death, costs and expense, even though the operation of the Company's railroad may have caused or contributed thereto.

Seventh. The Company reserves the right to use, occupy and enjoy its tracks, property and right of way, for such purpose, in such manner, and at such time as it shall desire, the same as if this instrument had not been executed by it. If any such use shall necessitate any change, repair, renewal, removal or relocation of said facility, or any part thereof, the Licensee shall perform such work at such time as the Company may approve and if the Licensee fails to do so such work may be performed by the Company at the expense of the Licensee and the said Company shall not be liable to the Licensee on account of any damage growing out of any use which the Company may make of its tracks, property and right of way.

In case any of the terms or provisions of this license have been performed or carried out prior to the actual date of execution hereof, it is understood and agreed that this license shall nevertheless be of the same force and effect as though same had been executed by the parties prior to such performance.

Eighth. The Company shall have the right at any time to revoke this license by giving thirty days' notice in writing to the Licensee and at the expiration of the time limited by said notice, or upon any other revocation of this license, the Licensee shall promptly, and in the manner directed by said Chief Engineer, remove all construction hereby authorized from the premises of the Company and leave said premises in the same condition in which they were before the installation of the same. Upon default of the Licensee so to do, the Company may remove the same and restore its premises, and the Licensee will promptly pay to the Company the cost of doing so.

Ninth. The waiver of a breach of any of the terms or conditions hereof shall be limited to the act or acts constituting such breach, and shall never be construed as being a continuing or permanent waiver of any such terms or conditions, all of which shall be and remain in full force and effect as to future acts or happenings, notwithstanding any such waiver.

Tenth. This license is personal to said Licensee and is not assignable or transferable, without the written consent of the Company being first obtained.

Eleventh. In further consideration of the Company's giving to the Licensee the rights and privileges above specified ~~without any charge therefor~~, the Licensee, by the acceptance of this license, hereby agrees that it will not levy or assess any special tax or special assessment against Company or against or upon Company's properties for the construction or use of the improvement of which said facility is a part; and, the Licensee hereby forever indemnifies Company against and agrees to save Company harmless from any and all claims, demands, lawsuits or liability whatsoever for any such special tax or special assessment. If, notwithstanding the foregoing provisions, any such special tax or special assessment shall be levied or assessed upon or against said Company's properties, the Company shall have the following elections, to wit:

(a) Company may make such payments as may be necessary to satisfy and discharge any liens for such special tax or special assessment and in case of such payment the Licensee agrees to make repayment on demand with interest at the rate of five per cent (5%) per annum from the date of such payment so made by Company.

(b) Company may file this license agreement for recording in the office of the Recorder of Deeds of the county in which said properties are located and such filing shall constitute a complete discharge and release of any lien against said Company's properties for such special tax or special assessment.

(c) Company may terminate this license by filing notice of termination with such Recorder of Deeds for recording and forwarding a copy thereof through certified or registered mail, postage prepaid to Licensee whereupon all rights, privileges and interests herein granted to Licensee shall immediately cease and determine with the right of Company to make immediate re-entry and without any further obligations or any liability on the part of Company in respect to any payments, setoffs, counterclaims, recoupment, crossbills or cross demands.

All rights, remedies and elections of Company shall be cumulative.

Twelfth Licensee further agrees that there is no benefit to the Company's properties, either for railroad use or for any possible use in the future, from the construction of the facility or project of which said facility is a part.

Action Deferred—ON PROPOSED ORDINANCE AUTHORIZING NEW CHAPTER 104.2 OF MUNICIPAL CODE FOR TAXATION AND REGULATION OF AUTOMATIC AMUSEMENT DEVICES.

The Committee on Finance submitted the following report, which was, at the request of Alderman Frost and Alderman Burke *Deferred* and ordered published:

CHICAGO, December 20, 1976.

To the President and Members of the City Council:

Your Committee on Finance, to which was referred a communication from the Office of the Mayor transmitting a proposed ordinance authorizing a new Chapter 104.2 of the Municipal Code of Chicago for Taxation and Regulation of Automatic Amusement Devices in the City of Chicago having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the proposed substitute ordinance transmitted herewith.

This recommendation was concurred in by a viva voce vote of the members of the committee.

Respectfully submitted,
(Signed) WILSON FROST,
Chairman.

The proposed substitute ordinance transmitted with the foregoing committee report reads as follows:

Be It Ordained by the City Council of the City of Chicago:

Section 1. The Municipal Code of Chicago is hereby amended by adding a new Chapter 104.2, as follows:

104.2-1. The term "Automatic Amusement Device" shall mean any machine, which upon the insertion of a coin, slug, token or similar object may be operated by the public generally for use as a game, entertainment or amusement, whether or not registering a score and shall include but not be limited to such devices as juke boxes, marble machines, pinball machines, movie and video booths or stands and all games, operations or transactions similar thereto under whatever name by which they may be indicated. Incidental mechanical grab devices and bingo devices are deemed gambling devices and are therefore prohibited from use in Chicago.

104.2-2. An annual tax for each calendar year is imposed upon all Automatic Amusement Devices operated for gain or profit in the amount of $75.00 per device commencing January 1, 1977.

104.2-3. The Automatic Amusement Device Tax shall be paid by the owner of such device to the Department of Revenue. The Department of Revenue shall issue as evidence of the payment of the tax a self-voiding adhesive tax emblem to be placed on each device. Such emblem shall bear the words "City of Chicago Amusement Device Tax" and such other wording as may be prescribed by the Mayor. It shall be unlawful for any person to mutilate said tax emblem during the year for which it was issued.

104.2-4. It shall be unlawful for the owner or lessee of any premises or person in control of such premises to permit the installation or use of an Automatic Amusement Device within the City of Chicago for gain or profit unless the tax has been paid and is evidenced by a tax emblem affixed to the Automatic Amusement Device. Each such device shall be plainly labeled with the name, address and telephone number of its owner.

104.2-5. If the Mayor, Superintendent of Police, or the Director of Revenue or their duly authorized enforcement officer shall have a reasonable basis for believing any amusement device is tax delin-

quent, or is being used for gambling purposes, or has a knock-off circuit or permits more than ten replays or free games, said device may be seized by any duly authorized enforcement official, followed by an administrative hearing with notice to the owner within seven days of such seizure for the purpose of reviewing the appropriateness of the seizure, and held until such time as the owner of such device pays the delinquent tax, reimburses the Department of Revenue for actual cartage cost incurred in the seizure and pays to the Department of Revenue $5.00 for each day or part of day said device has been in storage.

104.2-6. No one shall engage in the Automatic Amusement Device Operators business which is herein defined to mean the conduct or transaction of the business of distributing, placing, leasing or selling Automatic Amusement Devices with an agreement to maintain, service or supply, without first obtaining a license therefor.

104.2-7. An application for an Automatic Amusement Device Operator's license shall be made in conformity with the general requirements of this Code relating to application for license. In conformity with this ordinance, the Department of Revenue, with reasonable notice, shall have the authority to examine all books and records of Automatic Amusement Device Operators to insure compliance with this chapter. The license fee for an Automatic Amusement Device Operator's license shall be $200.00 for each calendar year and shall not be prorated.

104.2-8. The original application shall be referred to the Superintendent of Police for investigation and verification of the facts stated therein and the business methods of the operator. Unless said Superintendent shall find the operator has been convicted of a felony or that he has violated any law or ordinance imposing any tax, or if either the owner or operator has employed coercive or illegal measures to promote the use of his Automatic Amusement Device, or that the place where said Automatic Amusement Device is to be used is not qualified under the provisions of this chapter, he shall return said application to the Director of Revenue with his approval; otherwise he shall return it with a statement of his reasons for refusing approval of the application.

104.2-9. It is unlawful for any person to install, use or permit the installation or use of six or more Automatic Amusement Device machines at any place unless the person in control of such place has the premises licensed as a "Public Place of Amusement—Class II—Arcade." The term "arcade" means a place of amusement that includes six or more Automatic Amusement Devices.

104.2-10. No Automatic Amusement Device on the premises of a Retail Alcoholic Liquor establishment shall be played by anyone under 19 years of age.

104.2-11. Any person violating any of the provisions of this chapter shall be fined not less than fifty dollars nor more than three hundred dollars for each offense, and each day such violation shall continue shall be regarded as a separate offense.

Section 2. The Municipal Code of Chicago Chapter 104, Sections 104-1, paragraphs 2 and 3, 104-4, 104-5 and 104-6, is amended by deleting the language in brackets as follows:

104-1. As used in this ordinance:

The word "amusement" means, (1) any theatrical, dramatic, musical or spectacular performance, motion picture show, flower, poultry or animal show, animal act, circus, rodeo, athletic contest, sport, game or similar exhibition for public entertainment, including without being limited to, boxing, wrestling, skating, dancing, swimming, racing or riding on animals or vehicles, baseball, basketball, softball, football, tennis, golf, hockey, track and field games, bowling, billiard and pool games; (2) any entertainment offered for public participation, including, without being limited to, dancing, carnival, amusement park rides and games, bowling, billiard and pool games.

[The term "automatic amusement machine" means any mechanical or electrical amusement machine or device, the operation of which is governed or controlled by the deposit of a coin or token including, without being limited thereto, any such coin-controlled instrument or device capable of producing or reproducing any vocal or instrumental sounds.]

[The term "arcade" means a place of amusement that includes six (6) or more automatic amusement machines or devices as defined herein.]

104-4. [An annual license fee of twenty-five dollars is imposed upon each automatic amusement machine used within the city for gain or profit from operation.]

104-5. [Upon payment of the annual tax the city clerk shall issue a license in the name of the owner as licensee, authorizing the use of the automatic amusement machine for the license period ending on the 31st day of December following the date of issuance.]

[Provided, however, that no such license shall be issued for a coin-operated pool table unless such device is to be used and operated upon the premises for which a license has been issued pursuant to Chapter 147 or as a public place of amusement (Class 2) pursuant to Chapter 104.1 of this Code.]

[It shall be unlawful for any person to deliver or install an automatic amusement machine within the city for use by any other person for gain or profit from operation unless the tax thereon has been paid for the current year.]

[It shall be unlawful for any person to install, keep, maintain, or use, or permit the installation, keeping, maintenance or use upon his premises of any automatic amusement machine upon which such tax has not been paid and for which a license has not been issued for the current year.]

104-6. [The City Clerk shall deliver with each license a sticker license plate which shall bear the words "Automatic Amusement Machine" and "Chicago" and the numerals designating the year for which such license is issued, a reproduction of the corporate seal of the City, the names of the Mayor and the City Clerk, and a number identical with the number of such license. The City Clerk shall change annually the predominant background of colors of such license emblem or plate.]

[It shall be the duty of the licensee to affix the sticker license emblem or plate in a conspicuous place on the licensed automatic amusement machine and it shall be unlawful for any person to mutilate or remove said emblem or plate from the automatic amusement machine during the year for which it is licensed.]

Section 3. The Municipal Code of Chicago Chapter 193 amended by repealing Section 193-26, as follows:

193-26. [It shall be unlawful for any person to keep or use in any place of public resort within the city any tables or implements for any game of bagatelle or pigeonhole.

The term "bagatelle or pigeonhole," as used in this section, shall mean a game played with any number of balls or spheres upon a table or board having holes, pockets, or cups into which such balls or spheres may drop or become lodged and having arches, pins, and springs, or any of them, to control, deflect, or impede the direction or speed of the balls or spheres put in motion by the player, and shall include the modern variety of bagatelle or pigeonhole commonly known as pin games.

The term "place of public resort," as used in this section, shall mean any premises wherein any service or merchandise is offered for sale to the public or where tables or implements for playing the game of bagatelle or pigeonhole are kept for gain or profit, or any premises used as a clubhouse or clubrooms.

It is hereby made the duty of every policeman to seize any table or implement kept or used in violation of this section and, upon conviction of the keeper thereof, such table or implement so seized shall be destroyed. Any person obstructing or resisting any policeman in the performance of any act authorized by this section shall be fined not less than twenty-five dollars for each offense.

Any person who shall violate the provisions of this section shall be fined not less than ten dollars nor more than two hundred dollars for each offense, and each day that the violation continues shall be regarded as constituting a distinct and separate offense.]

Section 4. This ordinance shall be in full force and effect from and after January 1, 1977.

Be It Resolved, That the following provisions governing the administration of the Compensation Plan as set forth in the Annual Appropriation Ordinance and Employee Benefits, be adopted:

REGULATIONS GOVERNING THE ADMINISTRATION OF THE COMPENSATION PLAN AND EMPLOYEE BENEFITS FOR CLASSIFIED POSITIONS SET FORTH IN THE ANNUAL APPROPRIATION ORDINANCE.

A. PURPOSE

These regulations contain provisions governing compensation administration, and benefits for all classified positions under the jurisdiction of the Department of Personnel in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, and for all positions in the departments which are exempted from the jurisdiction of the Department of Personnel, but which are subject to the control and regulation by, and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN

(1) *Adoption of the Compensation Plan.*

(a) The salary schedules, including a range of pay for each class grade, as set forth in Schedules B, E, G, and S. Base Salary Schedules for career service classified positions, except positions with single rates, and positions in the exempt offices; Schedules C and T Longevity Salary Schedules for the positions covered by Schedules B and S, Schedule D, Salary Schedule for Uniformed Firefighters and Sworn Police Personnel hereof shall constitute the compensation plan for the City employees in departments which are subject to the control of the Mayor and the City Council. The class grade for each class of positions as specified in Schedules A-1 and A-2 Career Service Classified Positions adopted by the Department of Personnel; and Schedule A-3 —Law Department and Schedule A-4—Board of Election Commissioners; as on file with the Department of Personnel shall determine the salary range applicable to all positions of the class.

(b) Schedule A-2 lists all positions included in the Technical Service Salary Plan. The Department of Personnel will maintain complete class specifications including minimum education and/or experience requirements for all positions in Schedule A-2. Before an employee may be appointed to a position in the Technical Service Salary Plan, he must be recommended by the appointing authority and his education and/or experience must be approved by the Director of Personnel and the Mayor's Office as meeting the minimum requirements of the class specification.

(c) The salary schedule for Physicians and Dentists shall be as set forth in Schedule E. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at an entrance rate, and advancements by successive steps

from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule for each category of Dentist, Medical General Practitioner or Medical Specialist. Additional compensation may be paid for each Medical Practitioner upon his becoming Board Certified as specified in Schedule E III. Supervisory responsibility will be recognized in Salary Schedule E IV by the payment of additional compensation as delineated in the Supervisory responsibility category.

(2) *Base Salary Schedules.*

Each base salary range in Schedules B, G, and S includes an entrance rate, an intermediate rate or rates and a top base rate. The normal entrance rate shall be the rate to be designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any positions shall be at the entrance rate and advancement by successive steps from a specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(3) *Longevity Salary Schedules.*

Each longevity salary range in Schedules C and T includes longevity pay rates. Advancement by successive steps to the next higher rate or rates shall be made on the basis of satisfactory continuous service for at least the periods specified in the schedules.

(4) *Salary Schedules for Uniformed Firefighters and Sworn Police Personnel.*

The Salary Schedules for Uniformed Firefighters and Sworn Police Personnel shall be as set forth in Schedule D. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule.

(5) *Salary Rates Based upon Full-Time Employment.*

The salary rates prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours, except as indicated otherwise for certain classes in Schedules A-1, A-2, A-3, and A-4 which are on file with the Department of Personnel. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) *Computation of Salaries of Part-Time Employees.*

A professional employee occupying a position in Schedule E, or Schedule S who is regularly employed on a continuing work schedule of less than 35 hours per week except those employees paid on an hourly basis, shall be compensated on the following basis:

(PT-A)—Authorized part-time service at three-fourths full-time, eighty percent (80%) of rates prescribed for full-time employment.

(PT-B)—Authorized part-time service at one-half full-time, fifty-five percent (55%) of rates prescribed for full-time employment.

(PT-C)—Authorized part-time service at one-fourth full-time, thirty percent (30%) of rates prescribed for full-time employment.

Any other employee who is employed on a part-time schedule shall be paid for hours actually worked at an appropriate hourly rate equivalent to the entrance salary rate of the position or the hourly rate set forth in the Annual Appropriation Ordinance at the number of hours set forth in the Annual Appropriation Ordinance.

(7) *Continuity of Service.*

Service requirements for advancement within the salary ranges and for other purposes are specified in this resolution shall have the implication of continuous service with the City of Chicago, including the positions which are exempt from the jurisdiction of the Department of Personnel. This means continuously paid employment without a break or interruption; provided that any absence or leave without pay or layoffs for 30 days or less or absence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24½, paragraph 151 of the Illinois Revised Statutes shall not affect the continuity of service. Absence from the City service on leave without pay for periods in excess of 30 days, all suspensions, time after layoffs for more than 30 days and all absences without leave shall be deducted in computing total continuous service. All separations, discharges and resignations not followed by reinstatement within one year, shall interrupt continuous service and shall result in the loss of all prior service credit. Time on a career service reinstatement list of more than one year, where at least one offer of re-employment has been made and waived or refused, shall interrupt continuous service and shall result in the loss of all service credit. Personnel who are paid by voucher shall receive no credit for continuity of service for the period they are paid by voucher.

Uniformed Firefighters may receive credit only for service with the Chicago Fire Department, and Sworn Police Personnel may receive credit only for service with the Chicago Police Department for the purpose of advancement within the salary schedules, provided that the above interpretation of continuous service shall apply.

Any employees of the City, except uniformed Firefighters and Sworn Police Personnel, who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Housing Authority, The Metropolitan Sanitary District of Greater Chicago, the State of Illinois, The Chicago Board of Education, City College of Chicago, Community College District 508, and the Chicago Transit Authority, shall have the right to have the period of such service credited and counted for the purpose of advancement within longevity salary schedules, provided that the above interpretation of continuous service shall apply.

Seasonal employment of less than 120 calendar days in any year shall not be credited toward continuity of service.

Non-seasonal employees who work a minimum of eighty (80) hours per month shall be credited with continuity of service for the time worked.

(8) *Insurance Coverage.*

In providing for individual or family employee hospital and medical care insurance as set forth in the Annual Appropriation Ordinance under code .042, each company that provides hospital and medical insurance coverage shall first be approved by the Mayor and the City Comptroller. The benefits provided for in policies to be issued by approved companies shall all be comparable in order that each employee will receive comparable benefits for the premium paid; and policy provisions and rates shall all be approved by the Mayor and the City Comptroller and the same shall be approved by the Corporation Counsel as to form and legality. The policy or policies shall be kept on file with the City Comptroller. Each insurance company shall report to the City Comptroller and the Committee on Finance of the City Council setting forth the number of employees insured, the name and amount expended on behalf of each employee or his beneficiaries and the

number of claims pending together with the names of the claimants and amounts claimed. Each company shall file said reports on or before the first day of August and the first day of February for the prior six months ending on June 30 and December 31.

The enrollment period shall commence on January 2nd and shall terminate on January 31st of each year, except for new employees who shall be eligible for coverage upon request. All employees shall have not less than 90 days accumulated employment with the City in order to be eligible for coverage. Changes in coverage within a group plan will only be made on the 1st of each month with the approval of the City Comptroller. Where more than one member of a family is employed by the City, only one coverage will be allowed.

C. Application and Interpretation of the Employee Benefit and Compensation Plan

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head and approval of the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a base rate above the normal entrance rate. Entrance above the base rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted from one position to a position in a higher class grade, except in Schedule E, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the receipt of the Personnel Action Report (CS14) at the Department of Personnel.

(4) *Starting Rate of Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, except in Schedule E the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbent of such position shall retain the rate of pay received in the former grade, and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade than that of his former position; such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a career service promotion which is of a lower class grade than the position in which he is employed, the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher class grade position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classified position under the jurisdiction of the Department of Personnel or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of any action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification or position, or change of class grade or position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any calendar year, unless a supplemental action is recommended by the department head and is approved by the Director of Personnel, the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancement within a Salary Range.*

The department head concerned shall recommend in writing to the Director of Personnel the advance in salary of each employee whose performance merits a step increase and who, in addition has met the requirements for salary advancement within the range for the position in accordance with the service requirement specified in Section B dealing with the various salary schedules. The recommendation should include a certification that the employee has at a minimum a performance rating that falls within the range characterized as "Good" as described in the Performance Rating Guide issued by the Department of Personnel.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next pay period following the date advancement is recommended and authorized as provided herein and approved by the Department of Personnel or by the appointing authority for positions in the exempt offices.

D. Prevailing Rate Positions

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in indus-

try. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate basis to a salary schedule in a class grade, the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position; further, that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. The applicable Compensation Plan provisions shall thereafter govern.

E. Application of the Compensation Plan

(1) This Compensation Plan is applicable to positions indicated in Schedules A-1, A-2, A-3, and A-4 which are on file with the Department of Personnel.

In determining actual mileage for which compensation will be paid, the mileage from the employee's place of assignment or home to his first work stop, whichever is shorter for the conduct of City business, and on return from his last stop, the mileage to his place of assignment or home, whichever is shorter shall be included in his daily mileage report for automobile mileage compensation. Each salaried employee in Schedules B, C, G, and E or hourly rate employee with less than seven years of service will be granted two calendar weeks (10 working days) vacation leave in each calendar year.

However, vacation time accrued while working for another public agency shall not be transferrable.

(3) *Sick Leave.*

Each salaried employee in a classified position under the jurisdiction of the Department of Personnel may be alloted sick leave with pay for periods not exceeding twelve (12) working days in the aggregate during each calendar year, on account of sickness or related cause of absence which may be considered by the department head a sufficient and legitimate excuse for the employee's failure to be present and in attendance upon his or her duties, provided that the reason for the absence and the good faith of the employee in making the application for such leave shall be shown to the department head by such reasonable evidence as may be required by the Director of Personnel. Sick leave credit earned by an employee in the City service subsequent to January 1, 1959 shall accrue to a maximum of one hundred and sixty-eight (168) work days at the rate of 12 days per year less days of sick leave credit, and use shall be maintained by each department head subject to examination and audit by the Comptroller, the Director of Personnel, the Budget Director, and the Chairman of the Committee on Finance of the City Council. Severance of employment prior to the use of all or any part of such sick leave terminates all rights for compensation hereunder. However, sick leave accrued while working for another public agency shall not be transferrable.

(5) *Extended Sick Leave.*

Such request shall be submitted in the appropriate form.

After said Notes hereby authorized in the aggregate principal amount of $100,000,000 have been issued, it shall be the duty of the County Clerks of Cook and DuPage Counties, Illinois, in computing the tax rate for Corporate purposes for the fiscal year 1977 to reduce said tax for said Corporate purposes by the amount herein levied to pay the principal of and interest on said Notes hereby authorized to maturity, subject to such abatement of such taxes herein levied as hereinafter provided in Section 6 hereof and resulting from a sale of the Notes herein authorized at a lower rate of interest than the rate herein provided for, and it shall be the duty of the Clerk of said City of Chicago, not less than thirty (30) days prior to the tax extension date for taxes levied for the year 1977, to certify to the respective County Clerks the amount of money borrowed from the working cash fund against the 1977 taxes for Corporate purposes, and which is to be reimbursed from the taxes levied for such purpose.

Resentment Expressed to Recent Acts of Govt. of France Concerning Release of Abu Daoud.

A proposed resolution (presented by Alderman Stone and the other Aldermen present) reading as follows:

WHEREAS, In total contradiction to international agreements and obligations the Government of France on Tuesday, January 11, 1977, released an individual from custody after two other foreign governments, the governments of West Germany and Israel, had requested extradition of said individual; and

WHEREAS, Said individual, Abu Daoud, is the alleged mastermind of the massacre of eleven Israeli athletes at the 1972 Munich Olympic games, an open festering wound which after almost five years has not healed; and

WHEREAS, The shameful conduct of the Government of France in succumbing to threats of oil boycott and terrorist reprisals has heightened the shame of that fateful day in Munich, 1972 and has jeopardized the meaning of all international treaties, agreements, and obligations; and

WHEREAS, Our own State Department has expressed dismay that the governments of West Germany and Israel will not be given an opportunity to interrogate Abu Daoud about the brutal and revolting murder of athletes in Munich; now, therefore,

Be It Resolved, That the City Council of the City of Chicago voice its strong feeling of resentment to the acts of the Government of France for its failure to live up to its international treaties and obligations and for its reprehensible conduct in surrendering to terrorist threats and outright international blackmail; and

Be It Further Resolved, That a suitable copy of this resolution be forwarded to the President-Elect, Secretary of State-Designate, and the Ambassador to the United Nations-Designate to indicate the feelings of the people of Chicago to this dastardly action of a foreign nation.

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Municipal Code of Chicago is hereby amended by adding a new Chapter 104.2, as follows:

104.2-1. The term "Automatic Amusement Device" shall mean any machine, which upon the insertion of a coin, slug, token or similar object may be operated by the public generally for use as a game, entertainment or amusement, whether or not registering a score and shall include but not be limited to such devices as juke boxes, marble machines, pinball machines, movie and video booths or stands and all games, operations or transactions similar thereto under whatever name by which they may be indicated. Incidental mechanical grab devices and bingo devices are deemed gambling devices and are therefore prohibited from use in Chicago.

104.2-2. An annual tax for each calendar year is imposed upon all Automatic Amusement Devices operated for gain or profit in the amount of $75.00 per device commencing January 1, 1977.

104.2-3. The Automatic Amusement Device Tax shall be paid by the owner of such device to the Department of Revenue. The Department of Revenue shall issue as evidence of the payment of the tax a self-voiding adhesive tax emblem to be placed on each device. Such emblem shall bear the words "City of Chicago Amusement Device Tax" and such other wording as may be prescribed by the Mayor. It shall be unlawful for any person to mutilate said tax emblem during the year for which it was issued.

104.2-4. It shall be unlawful for the owner or lessee of any premises or person in control of such premises to permit the installation or use of an Automatic Amusement Device within the City of Chicago for gain or profit unless the tax has been paid and is evidenced by a tax emblem affixed to the Automatic Amusement Device. Each such device shall be plainly labeled with the name, address and telephone number of its owner.

104.2-5. If the Mayor, Superintendent of Police, or the Director of Revenue or their duly authorized enforcement officer shall have a reasonable basis for believing any amusement device is tax delinquent, or is being used for gambling purposes, or has a knock-off circuit or permits more than ten replays or free games, said device may be seized by any duly authorized enforcement official, followed by an administrative hearing with notice to the owner within seven days of such seizure for the purpose of reviewing the appropriateness of the seizure, and held until such time as the owner of such device pays the delinquent tax, reimburses the Department of Revenue for actual cartage cost incurred in the seizure and pays to the Department of Revenue $5.00 for each day or part of day said device has been in storage.

104.2-6. No one shall engage in the Automatic Amusement Device Operators business which is herein defined to mean the conduct or transaction of the business of distributing, placing, leasing or selling Automatic Amusement Devices with an agreement to maintain, service or supply, without first obtaining a license therefor.

104.2-7. An application for an Automatic Amusement Device Operator's license shall be made in conformity with the general requirements of this Code relating to application for license. In conformity with this ordinance, the Department of Revenue, with reasonable notice, shall have the authority to examine all books and records of Automatic Amusement Device Operators to insure compliance with this chapter. The license fee for an Automatic Amusement Device Operator's license shall be $200.00 for each calendar year and shall not be prorated.

104.2-8. The original application shall be referred to the Superintendent of Police for investigation and verification of the facts stated therein and the business methods of the operator. Unless said Superintendent shall find the operator has been convicted of a felony or that he has violated any law or ordinance imposing any tax, or if either the owner or operator has employed coercive or illegal measures to promote the use of his Automatic Amusement Device, or that the place where said Automatic Amusement Device is to be used is not qualified under the provisions of this chapter, he shall return said application to the Director of Revenue with his approval; otherwise he shall return it with a statement of his reasons for refusing approval of the application.

104.2-9. It is unlawful for any person to install, use or permit the installation or use of six or more Automatic Amusement Device machines at any place unless the person in control of such place has the premises licensed as a "Public Place of Amusement—Class II—Arcade." The term "arcade" means a place of amusement that includes six or more Automatic Amusement Devices.

104.2-10. No Automatic Amusement Device on the premises of a Retail Alcoholic Liquor establishment shall be played by anyone under 19 years of age.

104.2-11. Any person violating any of the provisions of this chapter shall be fined not less than fifty dollars nor more than three hundred dollars for each offense, and each day such violation shall continue shall be regarded as a separate offense.

SECTION 2. The Municipal Code of Chicago Chapter 104, Sections 104-1, paragraphs 2 and 3, 104-4, 104-5 and 104-6, is amended by deleting the language in brackets as follows:

104-1. As used in this ordinance:

[Provided, however, that no such license shall be issued for a coin-operated pool table unless such device is to be used and operated upon the premises for which a license has been issued pursuant to Chapter 147 or as a public place of amusement (Class 2) pursuant to Chapter 104.1 of this Code.]

[It shall be unlawful for any person to deliver or install an automatic amusement machine within the city for use by any other person for gain or profit from operation unless the tax thereon has been paid for the current year.]

[It shall be unlawful for any person to install, keep, maintain, or use, or permit the installation, keeping, maintenance or use upon his premises of any automatic amusement machine upon which such tax has not been paid and for which a license has not been issued for the current year.]

104-6. [The City Clerk shall deliver with each license a sticker license plate which shall bear the words "Automatic Amusement Machine" and "Chicago" and the numerals designating the year for which such license is issued, a reproduction of the corporate seal of the City, the names of the Mayor and the City Clerk, and a number identical with the number of such license. The City Clerk shall change annually the predominant background of colors of such license emblem or plate.]

[It shall be the duty of the licensee to affix the sticker license emblem or plate in a conspicuous place on the licensed automatic amusement machine and it shall be unlawful for any person to mutilate or remove said emblem or plate from the automatic amusement machine during the year for which it is licensed.]

SECTION 3. The Municipal Code of Chicago Chapter 193 amended by repealing Section 193-26, as follows:

193-26. [It shall be unlawful for any person to keep or use in any place of public resort within the city any tables or implements for any game of bagatelle or pigeonhole.

The term "bagatelle or pigeonhole," as used in this section, shall mean a game played with any number of balls or spheres upon a table or board having holes, pockets, or cups into which such balls or spheres may drop or become lodged and having arches, pins, and springs, or any of them, to control, deflect, or impede the direction or speed of the balls or spheres put in motion by the player, and shall include the modern variety of bagatelle or pigeonhole commonly known as pin games.

The term "place of public resort," as used in this section, shall mean any premises wherein any service or merchandise is offered for sale to the public or where tables or implements for playing the game of bagatelle or pigeonhole are kept for gain or profit, or any premises used as a clubhouse or clubrooms.

It is hereby made the duty of every policeman to seize any table or implement kept or used in violation of this section and, upon conviction of the keeper thereof, such table or implement so seized shall be destroyed. Any person obstructing or resisting any policeman in the performance of any act authorized by this section shall be fined not less than twenty-five dollars for each offense.

Any person who shall violate the provisions of this section shall be fined not less than ten dollars nor more than two hundred dollars for each offense, and each day that the violation continues shall be regarded as constituting a distinct and separate offense.]

Addition of Fifth Star to Municipal Flag Commemorating Term of Late Mayor Richard J. Daley.

Honorable Michael A. Bilandic, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, In the spring of 1917, Wallace Rice set about designing the City's flag—that familiar banner of white with its two blue horizontal stripes and four red stars; and

WHEREAS, The two blue stripes represent the two branches of the Chicago River weaving across the City and dividing it into the North side, South side and West side just as the blue stripes divide the field of white into three sections; and

WHEREAS, Each of the four stars has been carefully chosen to represent a major historical event in the City's history, the first two stars having appeared in the flag in the beginning and the next two having been added later to mark the occurrence of significant events in the City's development; and

WHEREAS, The first star represents the formal beginnings of Chicago in 1803 with the erection of Fort Dearborn in the swampy wilderness where a river named "Chicagou" met Lake Michigan. Though the fort was destroyed in the Massacre of 1812, the spirit which led to its rebuilding in 1816 was to typify the indomitable spirit of Chicagoans; and

WHEREAS, The second star memorializes the "I Will" spirit which caused the 100,000 citizens who had been made homeless by the Great Chicago Fire which swept the City and destroyed one-third of its buildings to rebuild the stores and homes more magnificently than before; and

WHEREAS, The third star signifies the Columbian Exposition of 1893 which celebrated the four hundredth anniversary of Christopher Columbus' discovery of America and which introduced a new era in architecture with the construction of a fabulous White City of statues, fountains and a highlight of buildings, including a Palace of Fine Arts that now houses the Museum of Science and Industry; and

WHEREAS, The fourth star commemorates the Century of Progress Fair in 1933 honoring Chicago's Centennial Anniversary, in spite of the fact that the country was besieged by the Great Depression. The Fair was held on the man-made Northerly Island, especially constructed along the lake shore to accommodate the exhibits erected by the nations of the world and the giants of industry; and

WHEREAS, Now the citizens of Chicago are in agreement that there is a fifth significant event which should be commemorated, that is the twenty-one years of faithful service and leadership achieved by our beloved Mayor Richard J. Daley; and

WHEREAS, The City itself is a monument to Mayor Daley since its magnificent lakefront, its gleaming skyscrapers and its diverse neighborhoods are the result of his enthusiasm for and love of his City; a love that was contagious and was infused into the hearts of all who knew and talked to him, whether corporate president, or shopkeeper or working man; and

WHEREAS, No granite monument, no photographer's eye, nor artist's pen could ever adequately capture his quick wit, his jaunty step, his vigorous attack on the problems of the City and its people; and

WHEREAS, A fitting symbol of Mayor Richard J. Daley's spirit would be a fifth star added to the City's flag because his life and energy were devoted to making this City a better place for all to live and work and his years among us were surely one of our City's most significant eras, comparable even to the City's founding; now, therefore,

Be It Resolved, That we, the Mayor and Members of the City Council of the City of Chicago, duly assembled this 1st day of February, 1977, do hereby sanction and approve the general desire to add a fifth star to our City's flag to signify "The Term of Richard J. Daley, Mayor (1955-1976)".

Vice-Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, Substantial portions of the lakefront and adjoining areas from Devon on the north to Oak on the south and from 49th Street on the north to 56th Street on the south are zoned R6 and R7 and contain a significant number of small residential buildings with six units or less; and

Whereas, Under the "highest and best use" method of assessment currently employed by the office of the Assessor of Cook County, the land of these small residential buildings is being assessed at high-rise rates; and

Whereas, The effect of this method of assessment has been to greatly increase the level of property taxes paid by the owners of these small residential buildings; and

Whereas, The effect of these substantial increases in property taxes has been to discourage upkeep of these small residential buildings and to encourage substantial increases in rent, abandonment of the structures or the construction of high-rises in their place; and

Whereas, Under Ill. Rev. Stat. (1973), Ch. 120, Section 524, the Assessor of Cook County has the authority to adopt any method of appraisal which measures fair market value; now, therefore,

Be It Resolved, That the City Council of the City of Chicago calls upon the Assessor of Cook County to adopt a method of assessment in high-rise zoned areas which reduces the level of assessment of the small residential building to a level comsensurate with its actual use.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, Substantial portions of the lakefront and adjoining areas from Devon on the north to Oak on the south and from 49th Street on the north to 56th Street on the south are zoned R6 and R7 and contain a significant number of small residential buildings with six units or less; and

Whereas, Under the "highest and best use" method of assessment currently employed by the office of the Assessor of Cook County, the land of these small residential buildings is being assessed at high-rise rates; and

Whereas, The effect of this method of assessment has been to greatly increase the level of property taxes paid by the owners of these small residential buildings; and

Whereas, The effect of these substantial increases in property taxes has been to discourage upkeep of these small residential buildings and to encourage substantial increases in rent, abandonment of the structures or the construction of high-rises in their place; and

Whereas, Under Ill. Rev. Stat. (1973), Ch. 120, Section 524, the Assessor of Cook County has the authority to adopt any method of appraisal which measures fair market value; now, therefore,

Be It Resolved, That the City Council of the City of Chicago calls upon the Assessor of Cook County to adopt a method of assessment in high-rise zoned areas which reduces the level of assessment of the small residential building to a level commensurate with its actual use.

Article VIII

In the event the premises or the building of which the premises are a part shall be damaged or destroyed by fire or other casualty, the same may be promptly repaired or rebuilt by Landlord at its expense as soon as funds are available but Landlord shall not be obligated to repair, rebuild, restore or replace any fixtures, equipment, displays or other property installed by Tenant or others pursuant to this agreement.

Provided, however, that Landlord may elect, at its sole option, not to repair or reconstruct the premises or the building, of which the premises are a part, and upon written notice of such election from Landlord to Tenant the obligation of Tenant to pay rent shall cease and this agreement shall thereupon terminate.

Article IX

Landlord hereby grants to Tenant the right of access and ingress to and egress from the premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with the further provisions of this agreement and

Tenant agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this agreement and increase same and not to divert or cause, or allow, to be diverted, any business from Pier.

Article X

This agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook County, Illinois, or in any other public office, by Tenant or anyone acting for Tenant and that if the same be so filed, this agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this agreement.

Article XI

If tenant shall vacate or abandon the premises, or any part thereof, or permit the same to remain vacant or unoccupied, or in case of the non-payment of the rent and charges reserved hereby, or any part thereof, or of the breach of any covenant in this agreement contained, Tenant's right to the possession of the premises thereupon shall terminate, with or without any notice or demand whatsoever, and the mere retention of possession thereafter by Tenant, shall constitute a forcible detainer of said premises, and if the Landlord so elects, but not otherwise, this agreement shall thereupon terminate and upon the termination of Tenant's right of possession, as aforesaid, whether this agreement be terminated or not, Tenant agrees to surrender possession of the premises immediately, without the receipt of any demand for rent, notice to quit or demand for possession of the premises whatsover, and Tenant hereby grants to Landlord full and free license to enter into and upon said premises, or any part thereof, to take possession thereof without process of law and to expel and remove Tenant, or any other person who may be occupying the premises, or any part thereof and Landlord may use such force in and about expelling and removing Tenant and said other person as may reasonably be necessary and Landlord may repossess itself of the said premises as of its former estate, but said entry of said premises shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue hereof, nor a waiver of any covenant, agreement or promise in said agreement contained, to be performed by Tenant.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this state relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Tenant will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Execution of Cooperative Agreement Authorized with National Oceanic and Atmospheric Administration for Geodetic Survey Control Within the City.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is hereby authorized and directed to execute on behalf of the City of Chicago and the City Clerk to attest, upon approval of the Corporation Counsel as to form and legality, the Commissioner of Public Works, the Commissioner of Water and Sewers and the Commissioner of Streets and Sanitation, a cooperative agreement between the City of Chicago and the National Oceanic and Atmospheric Administration, U.S. Department of Commerce. Said agreement is in the form and substance as follows:

I *General Information.*

1. This agreement is between the United States, Department of Commerce, National Oceanic and Atmospheric Administration, National Ocean Survey hereinafter referred to as the NOS, represented by its Director, Rear Admiral Allen L. Powell and the City of Chicago, Illinois, hereinafter referred to as the City, represented by its Mayor.

2. The geodetic control in the City is inadequate for many modern applications. The City is developing an automated mapping system which has created the need for a dense and unified geodetic control network.

3. The Department of Commerce, NOAA, NOS is responsible for the establishment and maintenance of the National Networks of Geodetic Control. This program will contribute to the densification and strengthening of the National Networks.

4. This cooperative agreement is in accordance with the responsibility of the Department of Commerce for coordination of geodetic control and related surveys.

II *References and Authorities.*

1. Title 33, United States Code, Section 883e.

2. Office of Management and Budget (OMB) Circular A-16, Revised May 6, 1967.

3. Classification, Standards of Accuracy, and General Specifications of Geodetic Control Surveys, February, 1974, FGCC.

III *Purpose.*

The NOS will complete a survey to establish horizontal geodetic control stations, spaced 3 to 6 miles apart, with an accuracy of one part in 100,000 throughout the City.

IV *Definitions.*

Geodetic Control Surveys will be performed in accordance with Federal "Classification, Standards of Accuracy, and General Specifications of Geodetic Control Surveys," February, 1974, approved by the Office of Management and Budget.

V *Responsibilities of Agencies.*

1. The NOS will complete a survey to establish horizontal geodetic control stations, spaced 3 to 6 miles apart, with an accuracy of one part in 100,000 throughout the City. It is estimated that 45 main scheme stations will be required.

2. The NOS will provide geodetic field parties staffed and equipped to perform this survey.

3. The City will establish approximately 135 subsidiary points in conjunction with the NOS project to facilitate use of the geodetic network after the NOS's survey is completed.

The City will follow Federal "Classification, Standards of Acuracy, and General Specifications of Geodetic Control Surveys" for the establishment of these points. These subsidiary points and the traverse to provide connections between them will meet Federal specifications for one part in 50,000 accuracy so that it can be adjusted as part of the National Geodetic Control Network.

The Surveys to establish these subsidiary points will require approximately ten people, distance measuring instruments, and angulation instruments of at least second-order accuracy.

4. The City may perform their part of this project with their own personnel, other or state personnel, or through contractural agreements with private firms.

5. NOS personnel will provide one to two weeks of intensive training of the local personnel prior to the start of this project and on-the-job training during the actual survey.

6. The NOS will show signals for measuring devices to the City observing parties at the subsidiary points when these observations are coordinated with the NOS operations.

7. The NOS will adjust and publish all surveys that meet national accuracy requirements and are submitted in a format compatible with NOS procedures. Forms and record books will be furnished by the NOS for the City's use.

VI *Programming, Budgeting, Funding, and Reimbursable Arrangements.*

1. Within the terms of this agreement, budgeting, funding, and reimbursements will be accomplished by the respective agencies entering into this agreement in accordance with the responsibilities contained herein.

2. The estimated total cost of the project is $260,000 for which the City agrees to reimburse the NOS at the rate of 50 percent of the actual total or approximately $130,000.

The Department of Public Works, Bureau of Maps and Plats, City Hall, Room 803, Chicago, Illinois 60602, will be billed upon completion of this project.

3. National Oceanic and Atmospheric Administration policy disallows matching of other Federal funds for cooperative geodetic programs. In the event that the City uses other Federal assistance funds, 50 percent rate will be adjusted by amendment to this agreement in order to comply with the provisions of this program. The only portion of the funds for the project that the NOS would match would be the non-Federal funds. The City agrees to provide the NOS with a copy of such an assistance program as soon as possible, preferably before the project is underway.

4. If it is necessary for the NOS to make national network ties outside the City, these ties and all main scheme points that are on Federal property or established at the request of other Federal agencies will not require funding by the City.

5. The NOS participation in this project is subject to budgetary limitations and administrative approval.

VII *Procedures for Inspection and Quality Assurance.*

The NOS and the City will be responsible for their respective inspection and quality assurance. The NOS surveys and those surveys performed by the City for inclusion in the National Geodetic Networks will be subject to the provisions of the Federal "Classification, Standards of Accuracy, and General Specifications of Geodetic Control Surveys."

VIII *Publication.*

The results of the geodetic surveys will be made a part of the National Geodetic Control Networks and will be published by the NOS, and thereby will be placed in the public domain.

IX *Public Affairs/Press Liaison.*

Press releases or other public announcements regarding this project may be prepared by the City or the NOS, each of which shall consult with the other prior to distribution.

X *Data Rights.*

There are no restrictions on the use by Governmental Agencies of data produced by this agreement. Such data is considered to be in the public domain.

XI *Subsidiary Agreements.*

Additional working agreements, regarding specific cooperative efforts, if needed, shall be effected in writing by both parties as the need arises.

XII *Third Party Liability.*

The City will be responsible for liability to third parties for any acts arising out of the performance of official duties by its employees in accordance with applicable state or county laws. Liability of the United States Government for acts of its employees is governed by the Federal Tort Claims Act and certain other Federal statutes.

XIII *Amendments and Review.*

This agreement may be amended at any time by the mutual consent of the agencies concerned. This agreement will be revised periodically, but not less than annually. It may be subject to reconsideration at such other times as may be required and as agreed to by the parties entering into the agreement.

XIV *Other Provisions.*

Nothing herein is intended to conflict with current NOS or City directives or applicable law. If the terms of this agreement are inconsistent with existing directives or with applicable law of either of the agencies entering into this agreement, then those portions of this agreement which are determined to be inconsistent shall be invalid; but the remaining terms and conditions of this agreement not affected by any inconsistency shall remain in full force and effect. At the first opportunity for review of the agreement, such changes as are deemed necessary will be accomplished by either an amendment to this agreement or by entering into a new agreement, whichever is deemed expedient to the interest of both parties.

Should disagreement arise as to the interpretation of the provisions of this agreement, or amendments and/or revisions thereto, that cannot be resolved at the operating level, the area(s) of disagreement shall be reduced to writing by each party and presented to the other party for consideration at least 30 days prior to forwarding to respective higher quarters for appropriate resolution.

In the event of termination prior to completion of the objectives of this agreement, all direct and indirect phasing out costs shall be paid by the agency requesting termination. Termination costs claimed shall not exceed the actual costs incurred as a result of termination of the project.

This agreement is entered into and made effective the .... day of ..... except as otherwise provided herein. This agreement shall remain in full force and effect until terminated by written agreement of the parties hereto.

SECTION E – REMARKS

PART IV PROGRAM NARRATIVE

ORD 5089 Land Acquisition - E Parcels

The following interrelated factors contributed to the City of Chicago's interest in acquiring the E Parcels:

- Protection of the integrity of the airspace effecting the clear zones and approach zones of runways 22L/4R and 27L/9R and the 32R/14L approach zone
- A condemnation suit precluding the imminent construction of structures which would interfere with the safe operation of runways 22L/4R and 27L/9R
- Elimination of a potentially large concentration of people from a clear zone area
- Achievement of compatible land use

The City of Chicago, through the condemnation suit, purchased the subject land at a cost of $8,250,000.00. Additional litigation in satisfying the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 has been adjudicated satisfactorily.

Existing Federal Aviation Administration regulations indicates a refunding allowance of 75% for the land, necessary legal and administrative expense and site improvements necessary to return the subject property to a pristine condition.

COMMITTEE ON CULTURAL AND ECONOMIC DEVELOPMENT.

Action Deferred—ON PROPOSED ORDINANCE DESIGNATING CHICAGO BOARD OF TRADE BUILDING AS "CHICAGO LANDMARK".

The Committee on Cultural and Economic Development submitted the following report, which was, at the request of two aldermen present (Alderman Fifielski and Alderman Stone) *Deferred* and ordered published:

CHICAGO, March 18, 1977.

To the President and Members of the City Council:

Your Committee on Cultural and Economic Development having had under consideration a communication signed by Mr. Samuel A. Lichtmann, Chairman of the Chicago Commission on Historical and Architectural Landmarks (referred to your Committee on December 12, 1975) to designate the Chicago Board of Trade Building as a Chicago Landmark, begs leave to recommend that your Honorable Body pass the proposed ordinance, which is transmitted herewith.

The Committee retains jurisdiction of the first fourteen feet for future consideration relative to inclusion or exclusion as part of designated area.

This recommendation was concurred in by all members of the committee, with no dissenting vote.

Respectfully submitted,
(Signed) EDWIN P. FIFIELSKI,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, The Commission on Chicago Historical and Architectural Landmarks has determined that the structure known as the Chicago Board of Trade Building, located at No. 141 W. Jackson Boulevard, Chicago, Illinois is worthy of designation as a "Chicago Landmark"; and

Whereas, The Commission has found that the exterior aspect, lobby and lobby balconies of the Chicago Board of Trade Building meets the criteria for designation as a "Chicago Landmark", as set forth in Chapter 21, Sec. 21-64 (b) of the Municipal Code of the City of Chicago; and

Whereas, The City Council of the City of Chicago finds that many other aspects of the building are not an area, place, building, structure work of art or an object worthy of being designated a "Chicago Landmark" and therefore it would not be in the public interest to designate those aspects as landmarks when balanced against the economic disabilities that would flow to the owner of said economically viable and important commercial building by virtue of said designation; and

Whereas, The City Council of the City of Chicago finds that the exterior aspect and sculpture of the Jackson Boulevard side of said building commencing 14 feet above the sidewalk level to include the statue of Ceres possess a unique location or singular physical characteristic representing an established and familiar visual feature of the LaSalle Street financial community of the City of Chicago; and

Whereas, The City Council of the City of Chicago finds that those portions of the lobby and lobby balconies identified by the gray-toned areas of the architectural plans and sections marked Exhibits A through E attached hereto and made a part of this Ordinance embody distinguished characteristics of an architectural type or specimen; and

Whereas, The City Council of the City of Chicago concludes that the heretofore identified portions of the lobby and lobby balconies and the exterior aspect and sculpture of the Jackson Boulevard side of the Chicago Board of Trade Building commencing 14 feet above the siedwalk level to include the statue of Ceres are important to Chicago, and deserve to be preserved, protected, enhanced and perpetuated, and therefore should be designated a "Chicago Landmark"; and

Whereas, This Ordinance is enacted pursuant to the agreement of the City Council of the City of Chicago and the owners of the Chicago Board of Trade Building as in the public interest and to resolve issues between the City of Chicago and the owners of said building in a constructive way without resort to litigation, and by which agreement the owners of the Chicago Board of Trade Building agree to the specific landmark designation of portions of said buliding as is made by this Ordinance, and the City of Chicago waives any and all rights it may have with respect to said building as provided in Chapter 21, Sec. 21-62 through 21-64.1 of the Municipal Code of the City of Chicago except as provided in this Ordinance; and provided further that the City of Chicago and the Commission on Chicago Historical and Architectural Landmarks shall have the power with respect to said building as provided by and under Section 3 of the enacting portion of this Ordinance; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The exterior aspect and sculpture of the Jackson Boulevard side of the structure known as the Chicago Board of Trade Building commencing 14 feet above the sidewalk level to include the statue of Ceres located on the property legally described as:

Lot 1 in Board of Trade Addition to Chicago, a Subdivision of part of Blocks 98 and 115, School Section Addition to Chicago of Section 16, Township 39, Range 14 North East of the Third Principal Meridian

and commonly known as No. 141 W. Jackson Boulevard, Chicago, Illinois is hereby dseignated a "Chicago Landmark" in accordance with the provisions of Chapter 21, Sec. 21-64 (f) of the Municipal Code of the City of Chicago.

Section 2. Those portions of the lobby and lobby balconies located in the aforesaid Chicago Board of Trade Building as are more fully identified by the gray-toned areas of the architectural plans and sections marked Exhibits A through E attached hereto and made a part of this Ordinance are hereby designated a "Chicago Landmark" in accordance with the provisions of Chapter 21, Sec. 21-64 (f) of the Municipal Code of the City of Chicago.

Section 3. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying the landmark portions of the said building, and to affix said plaque to the property designated as a "Chicago Landmark". Such plaque shall appropriately identify the landmark portions of the said building, shall have inscribed thereon a brief and concise statement of such as will inform the public of the character of said landmark portion of the said building.

Section 4. With reference to the portions of the said building designated as a landmark by this Ordinance, the Building Department of the City of Chicago and the Commission on Chicago Historical

and Architectural Landmarks are directed to comply with the provisions of Chapter 21, Sec. 21-64.1, subsections (a) through (f) inclusive, of the Municipal Code of the City of Chicago. Thereafter, the Finance Committee of the City Council shall give prompt consideration to the disapproval of any building or demolition permit by the Commission on Chicago Historical and Architectural Landmarks, together with the report filed by said Commission, and shall recommend to the City Council within thirty (30) days after the receipt of said disapproval and report whether said application for permit shall be allowed or denied. The Finance Committee shall set forth in its recommendation, if a denial, the ways and means available to the City of Chicago for the leasing and subleasing of said property for the purposes of preservation and perpetuation of said landmark; or of inducing by contract or other consideration the creation of covenants restricting the use of the land; or of acquiring by eminent domain or by contract or conveyance of all or any part of or interest in property so designated, and where applicable, adjacent or surrounding private property the alteration or clearance of which is essential for the preservation and perpetuation of said landmark; or such other and further action as may be contemplated in Sec. 11-48.2-2 of the Illinois Municipal Code. The City Council shall, within thirty (30) days of said Finance Committee recommendation, allow or deny by ordinance the application for a building or demolition permit, which shall be deemed the sole and exclusive denial of said application. If the City Council determines that said application should be denied, it shall set forth in said ordinance appropriate directions to the responsible City department or departments for initiating action to acquire by eminent domain all or any part of or interest in said property, and where applicable, adjacent or surrounding private property the alteration or clearance which is essential for the preservation and perpetuation of said landmark. Such eminent domain action shall be initiated by the responsible City department or departments within thirty (30) days following the passage of the denial ordinance.

The Commission on Chicago Historical and Architectural Landmarks shall forward certified copies of the ordinance approving or denying the application for building permit to the applicant for permit and to the Building Department of the City of Chicago; provided however, that nothing herein contained shall prohibit the City of Chicago and the owner of the Chicago Board of Trade Building from negotiating and entering into a lease or sublease of said property or any portion thereof, or negotiating and agreeing with respect to the creation of covenants restricting the use of the building, or negotiating and contracting with respect to any other agreement for the purpose of preserving and perpetuating the landmark portions of the building, during the sixty (60) day period of time within which the report of the Commission on Chicago Historical and Architectural Landmarks is pending before the Finance Committee of the City Council and the City Council of the City of Chicago, but nothing contained in this proviso shall extend the sixty (60) day period of time within which the Finance Committee and the City Council must either approve or deny the application for a building or demolition permit as is provided hereinabove if no agreement is reached by the owner and the City of Chicago with respect to landmark status within the sixty (60) day period of time.

Time is of the essence in this Ordinance.

Section 5. The City of Chicago waives any and all rights and powers it may have with respect to said building as provided in Chapter 21, Sec. 21-62 through 21-64.1 (a) through (g) inclusive of the Municipal Code of the City of Chicago except as provided in this Ordinance; and provided further that the City of Chicago and the Commission on Chicago Historical and Architectural Landmarks shall have the power concerning landmark designation with respect to said building solely as provided by and under Section 4 hereinabove.

Section 6. This ordinance shall take effect on and after its passage and publication pursuant to law.

Action Deferred—ON PROPOSED ORDINANCE DESIGNATING McCORMICK ROW HOUSE DISTRICT AS "CHICAGO LANDMARK".

The Committee on Cultural and Economic Development submitted the following report, which was, at the request of two aldermen present (Alderman Fifielski and Alderman Stone) *Deferred* and ordered published:

CHICAGO, March 8, 1977.

To the President and Members of the City Council:

Your Committee on Cultural and Economic Development, having had under consideration a communication signed by Mr. Samuel A. Lichtmann, Chairman of the Chicago Commission on Historical and Architectural Landmarks (referred to your committee on August 3, 1976) to designate the McCormick Row House District as a Chicago Landmark, begs leave to recommend that your Honorable Body pass the proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by all members of the committee, with no dissenting vote.

Respectfully submitted,
(Signed) EDWIN P. FIFIELSKI,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, Pursuant to Chapter 21, Section 21-64 of the Municipal Code of Chicago, the Commission on Chicago Historical and Architectural Landmarks has determined that the structure known as the McCormick Row House District, as described herein, is worthy of designation as a "Chicago Landmark;" and

Whereas, On the basis of a careful consideration of the history and architecture of the structure, the Commission has found that it meets the following criteria as set forth in Chapter 21, Section 21-64 (b) of the Municipal Code of Chicago:

1) Its character, interest or value as part of the development, heritage or cultural characteristics of the City of Chicago, State of Illinois, or the United States.

3) Its identification with a person or persons who significantly contributed to the culture and development of the City of Chicago.

4) Its exemplification of the cultural, economic, social or historical heritage of the City of Chicago.

5) Its portrayal of the environment of a group of people in an era of history characterized by a distinctive architectural style.

6) Its embodiment of distinguishing characteristics of an architectural type or specimen.

9) Its relationship to other distinctive areas which are eligible for preservation according to a plan based on an historic, cultural, or architectural motif.

10) Its unique location or singular physical characteristic representing an established and familiar visual feature of a neighborhood, community of the City of Chicago; and

Whereas, The McCormick Row House District is a unique area developed in the 1880's as a part of the campus of McCormick Theological Seminary, with its homes being distinguished by their continuity of design and integrity of their facades, standing virtually unchanged since their construction; and

Whereas, The Row houses stand as a reminder of the contributions to Chicago of the McCormick Theological Seminary, an institution which has educated many of the City's religious leaders; and

Whereas, The land for the McCormick Theological Seminary's north side campus was donated by important persons in early Chicago such as William B. Ogden, Chicago's first mayor, Joseph C. Sheffield, William Lill, Michael Diversey, Cyrus Hall McCormick, Nettie Fowler McCormick and Cyrus Hall McCormick, Jr.; and

Whereas, The homes in the district were designed in the Queen Anne and Romanesque Revival styles, and the consistent and uniform treatment of the facades, combined with the park-like setting of Chalmers Place, provides a valuable insight into the pattern of living of Chicagoans in inner-city residential neighborhoods during the last part of the 19th Century; and

Whereas, The Commission on Chicago Historical and Architectural Landmarks has concluded that the McCormick Row House District is truly important to Chicago, and deserves to be preserved, protected, enhanced, rehabilitated and perpetuated; and the Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the McCormick Row House District be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The McCormick Row House District, composed of the privately-owned and publicly-owned property within the general boundaries of the south side of W. Fullerton Avenue on the north; the private drive just west west of N. Halsted Street on the east; the north side of W. Belden Avenue on the south; and the elevated tracks and private drive just east of the elevated tracks on the west, as more fully described in Appendix A, is hereby designated as "Chicago Landmark" in accordance with the provisions of Chapter 21, Section 21-64.1 (f) of the Municipal Code of Chicago.

Section 2. Notwithstanding Chapter 21, Section 21-64.1 (a) of the Municipal Code of Chicago, no application for building permits for alteration, construction, reconstruction, demolition or addition to property within the district need be approved by the Commission on Historical and Architectural Landmarks except those permits for such work upon, or which will affect the appearance of, the exterior of any building, structure or other improvement within the District.

Section 3. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix said plaque to the property designated as a Chicago Landmark in accordance with the provisions of Section 21-64 (f) of the Municipal Code of Chicago.

Section 4. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Section 21-64 (g) of the Municipal Code of Chicago.

Section 5. This ordinance shall take effect on and after the date of its due passage.

COMMITTEE ON LOCAL INDUSTRIES, STREETS AND ALLEYS.

Permission and Authority Granted to Louise Burg Hospital to Maintain and Use Covered Bridge (or Passageway) in Public Way.

The Committee on Local Industries, Streets and Alleys submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith (which was referred to the committee on February 23, 1977, C.J.P. p. 4986):

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. Permission and authority hereby are given and granted to Louise Burg Hospital, a corporation, upon the terms and subject to the conditions of this ordinance, to maintain and use as now constructed a three-story covered bridge or passageway over and across the sixteen (16) foot east-west public alley between W. Cermak Road and W. 22nd Place, to be used for the purpose of connecting the second, third and fourth floors of the premises known as No. 255 W. Cermak Road with the corresponding floors of the premises known as No. 268 W. 22nd Place. Also to maintain and use as now installed a pipe tunnel, five (5) feet in width and seven (7) feet in height, under and across the above described alley to connect with the above described premises; for a period of five (5) years from and after May 11, 1977.

The location of said bridge or passageway and pipe tunnel shall be as shown on prints hereto attached, which by reference are made a part of this ordinance. Said covered bridge or passageway shall be constructed of incombustible materials which shall be designed and be sufficient to prevent storm water, debris and other substances from dripping from such bridge upon the public way. Said bridge and pipe tunnel shall be maintained and used in accordance with the ordinances of the City of Chicago and the directions of the Commissioner of Streets and Sanitation and Commissioner of Buildings. The grantee shall keep that portion of the public way under said bridge and over said tunnel in good condition and repair, safe for public travel and free from snow, ice and debris, to the satisfaction of the Commissioner of Streets and Sanitation.

The grantee agrees to furnish the City of Chicago a Surety bond in the sum of Twenty Thousand Dollars, said bond to be used to defray cost of removal of said covered bridge or passageway and pipe tunnel at any time the City of Chicago determines the need for the removal or by lapse of time or expiration of the authority herein granted.

SECTION 2. The grantee agrees to pay to the City of Chicago as compensation for the privilege herein granted the sum of Four Hundred Fifty Dollars ($450.00) per annum, in advance, the first payment

to be made as of May 11, 1977, and each succeeding payment on the same day and month annually thereafter. In case of the termination of the privilege herein granted the grantee shall, nevertheless, remain liable to the City of Chicago for the annual compensation which shall have become due and payable under the provisions hereof before the structures and appliances herein authorized are removed and the public way is restored as herein required. Further, renewal authority for the continued maintenance and use of the public ways herein described shall be applied for prior to the date of expiration of this ordinance.

SECTION 3. This ordinance is subject to amendment, modification or repeal, and permission and authority herein granted may be revoked by the Mayor and the City Comptroller in their discretion, at any time without the consent of said grantee. Upon termination of the privilege herein granted, by lapse of time or otherwise, the grantee, without cost or expense to the City of Chicago, shall remove the structures and appliances herein authorized and restore the public way where disturbed by said structures or appliances or by the removal thereof, to a proper condition under the supervision and to the satisfaction of the Commissioner of Streets and Sanitation and in accordance to the City Municipal Code. In the event of the failure, neglect or refusal of said grantee so to do, the City of Chicago will have the choice of either performing said work and charging the cost thereof to said grantee or determining what the cost of said work shall be and billing the grantee for said cost.

SECTION 4. The Insurance Company and the grantee, as provided in Section 5, will hold and save the City of Chicago harmless from any and all liability and expense, including judgments, costs and damages, for removal, relocation, alteration, repair, maintenance and restoration of the structures or appliances herein authorized and from any and all damages thereto on account of the location, construction, alteration, repair or maintenance of any public ways, bridges, subways, tunnels, vaults, sewers, water mains, conduits, pipes, poles and other utilities. For the City of Chicago to recover from the Bonding Company and grantee under this Section, it is not necessary that the City of Chicago first make said removal, relocation, alteration, repair, maintenance or restoration. The Commissioner of Streets and Sanitation is hereby authorized to determine what cost would be involved to perform said removal, relocation, alteration, repair, maintenance or restoration and his decision as to the amount shall be final and binding. The grantee and the Bonding Company, upon receiving written notification from the Commissioner of Streets and Sanitation of the cost of said removal and restoration shall pay immediately said amount upon demand. It shall be the responsibility of Louise Burg Hospital, a corporation, to furnish the City of Chicago, prior to issuance of permit for this privilege, a copy of proof of insurance (Certificate of Insurance) in an amount not less than $100,000.00/$250,000.00 for Public Liability and $25,000.00 for Property Damage, and also to name the City of Chicago as "Additionally Insured". Certificates renewing insurance must be furnished to the Department of Finance, Real Estate Division, no later than 30 days prior to expiration of policy.

SECTION 5. The permission and authority herein granted shall not be exercised until a permit authorizing same shall have been issued by the City Comptroller and upon the faithful observance and performance of all and singular the conditions and provisions of this ordinance, and conditioned further to indemnify, keep and save harmless the City of Chicago against all liabilities, judgments, costs, damages and expenses which may in any way come against said city in consequence of the permission given by this ordinance, or which may accrue against, be charged to or recovered from said city from or by reason or on account of any act or thing done or omitted or neglected to be done by the grantee in and about the construction, reconstruction, maintenance, use and removal of said structures or appliances and the restoration of the public way as herein required. Said insurance coverage and Bond shall be continuing in effect until the structures or appliances herein authorized are removed and the public way is restored as herein required.

SECTION 6. The surety, as to the extent of its penal bond as provided in Section 1, and the grantee will further be liable to the City of Chicago for the annual compensation for the use of the public way.

SECTION 7. This ordinance shall take effect and be in force from and after its passage; provided said grantee file a written acceptance of this ordinance, together with the bond hereinabove provided for, with the City Clerk.
